# We are Confirmed to Showcase Redapple App at San Diego TechCon SoCal 2024

This week the Redapple team has been preparing for our presence and app showcase at the upcoming TechCon SoCal 2024 event which will be held in San Diego on May 24th. The team is ready to illuminate the transformative impact of Redapple app in the forefront of mental healthcare. We will have an exhibit booth with Redapple branding and signage as well as devices with the Redapple App to give attendees a test drive of our app. We are looking forward to attending TechCon 2024 and will report more as the event gets closer.

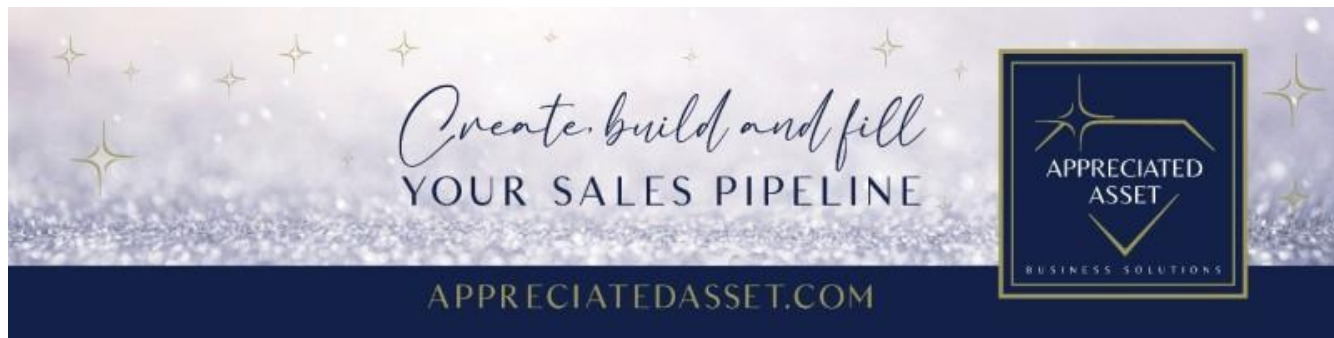

Just **2 weeks** left until [TechCon SoCal 2024](#) kicks off on **May 24th** in **San Diego**, promising to be one of the most significant gatherings of investors, innovators, and entrepreneurs in the city's history. ## Jennifer Frye from Appreciated Asset begins working with us this week, creating compelling sales scripts and messaging

This week marks the start of Jennifer Frye's collaboration with our team, where she will play a pivotal role in crafting captivating sales scripts and messaging. With her expertise, we aim to differentiate ourselves and secure more app demos through compelling communication strategies. Jennifer Frye grew up in Boston and graduated from the A.B. Freeman School of Business at Tulane University. She spent several years in DC and NYC developing extensive experience in business development. She moved from Manhattan to Charleston, SC in 2007.

# Private Placement

This week, we initiated the process of organizing a private placement, strategically securing capital to advance our mission. Our steadfast commitment to enhancing our financial foundation underscores our determination to fuel our growth aspirations and pioneer innovative solutions within the telehealth sector. With a collective focus on resilience, innovation, and unwavering dedication to success, we stand prepared to tackle the challenges ahead.
